# MEN'S ELITE 7S

Following the success of last years' men's Competitive & Social 7s, we have introduced a men's Elite competition

# MEN'S COMPETITIVE 7S

Tried and tested, the competitive tournament is a step below the Elite 7s Competition for those teams looking for something more serious than the Social Competition.

Last year's tournament was fantastic. Building on that success we hope that by offering teams an intermediate option will allow a more competitive Social Tournament as last year some matches were a little one-sided. It is our hope that by introducing a three-tiered tournament will make the Sundogs Festival more enjoyable while maintaining good levels of competition throughout.

# LADIES HOCKEY

Luctonians is a true multi-sports club, and to reflect this Sundogs 2017 branched out and included a Ladies Hockey Tournament last year.

It was the first time hockey of any sort had been seen at Mortimer Park, but the ladies put on an exciting spectacle and the tournament itself was very well received and contested, by many of the biggest hockey clubs from the local area.

# MEN'S SOCIAL 7S

This year to bring a more social element we've introduced 3 levels of competition in the hope that if teams don't think they're good enough for the Elite 7s, they'll still have a competitive tournament.

This allows the social aspect to shine through in this competition. Teams that include veterans of the game, new players to the game or players with some experience that are looking for a good, fun tournament without watching a team score try after try for 14 minutes!
